Covid -19:- Brunt on share market, Education, Labours, and Transporters

Mohammad Amin Sofi

Abstract

The purpose of the paper is to investigate the brunt on some segments like stock market, education, labour and transport. The study illustrates that all those sectors got shoddily impacted so far the stock market is concerned, it got flattened and there are soaring instability. The covid 19 has stridently made the Indian stock market to breakdown as sensex which was 42273 points on 20 January 2020 is 29894 points on 08 April 2020. The FY 20 the mid-cap index fell by 26 percent while the sensex fell by 22 percent. The study shows that the education sector also got totally paralyzed as more than 1.5 billion students are out of the school. It suspends the erudition voyage of the students. School owners countenance a major cash flow crunch because of lockdown. The study shows covid has exaggerated all forms of transport. Global road transport activity was almost 50% below the 2019 average by the end of March 2020 and commercial flight activity almost 75% below 2019 by the mid April 2020. The covid 19 crises changed the transport behavior in dramatic ways.

Key Words: Stock market, Transporters, Education and Labour

Introduction

The outlook in the stock markets across the world is ominous. The plummet is in line with the global benchmark indexes as the domestic market usually tracks the major global indexes and the high instability is likely to continue in the near future. Further, with overseas investors (FPIs) flying to the safety of dollar-backed assets from emerging markets has led to a sharp downfall in the Indian Stock Market. S&P BSE Sensex which was 42273 points on 20 January, 2020 is 29894 points on 08 April, 2020. The price to Earnings Ratio of Sensex is less than 18 (P/e is 17.81 on 31March, 2020) which is far less than the historical range between 20-24. Markets across large, mid, and small caps have corrected sharply from their climaxes'. In the FY20 the mid-cap index fell by 26 per cent while the Sensex fell by 22 per cent.

2. The Stock Market has a history of hurtle and revival

The worldwide Stock market has a history of crash and recovery and the Indian Stock
